Description

2018 Laymor SM450-ST Sweeper – Reliable and Ready for Work !

This 2018 Laymor SM450-ST sweeper is built for heavy-duty sweeping tasks, with just 1,456 hours of use. Ideal for maintaining clean and efficient worksites, it combines performance, durability, and operator comfort.

Key Features:

- Performance: Driven by a 74 HP Kubota 3600 engine paired with a hydrostatic pump and motor for seamless operation.
- Sweeping: Features an 8' sweeping width and adjustable 45° sweeping angle to handle various cleaning needs.
- Water System: Equipped with a 160-gallon poly tank sprinkling system to control dust efficiently.
- Operating Pressure: 2,500 PSI.

Specifications:

- Operator Comfort: Cab with air conditioning and heater for year-round use.
- Controls: Electric on-dash broom controls for precise and effortless adjustments.
- Axles: Heavy-duty oscillating front axle and a Dana truck-type rear axle with drum brakes for stability and reliability.

Warranty available—this is your chance to own a dependable and versatile sweeper! Located in La Grange, TX. Contact us today for more details or to schedule a viewing.
